4. Please select and circle one of the following four options:

Corrected: The importance of local and informed decision-making is the cornerstone of our approach to achieving the goals of our organization. As we continue to develop and implement our strategies, we recognize the need to actively engage with stakeholders and communities to ensure their voices are heard and their needs are met.

3. More than just numbers, your contribution is measured by the impact and lasting effects it has on our community. Your support enables us to reach more individuals and bring about positive change. Thank you for being a part of our journey.

As the COVID-19 pandemic continues to shape our reality, we are committed to staying informed and adapting our strategies to meet the evolving needs of our community. We believe in the power of collaboration and partnership, and we are grateful for the support of our partners and funders. Together, we can overcome this challenge and build a stronger, more resilient community.

EWS project was approved by the Federal Ministry of Education and the Federal Ministry of Health. The project aims to improve health education and promote healthy behaviors among students in the EWS schools. The project includes the development of curriculum materials and teacher training programs, as well as the provision of equipment and resources to support implementation.

The COVID-19 pandemic has highlighted the importance of digital technologies in education and health. The EWS project is well-positioned to leverage these tools to achieve its objectives. We look forward to working with our partners and stakeholders to ensure the success of the project and its impact on the lives of the students it serves.
